Special Session of Legislature May Be Called

To Set Date of Election For Delegates to Write New Constitution

Assemblyman John T. Rawls, author of the measure approved at the November 6 election to create a new state constitution, was in Torrance today and expressed much satisfaction at the generous support given the measure. The next step will be the election of delegates from the various districts of the state, who will draft the new constitution, which in turn will be submitted to voters for approval. It is expected that 80 delegates will be chosen, one for each assembly district, and many friends of Assemblyman Rawls are hopeful of having him elected to represent this district.

A special session of the state legislature, prior to its regular meeting in January, may be necessary, according to Assemblyman Rawls, for the purpose of setting a date for the election of delegates to the constitutional convention, which must meet by February 6, under the provisions of the proposition adopted November 6. Insufficient time for calling such an election under state laws will elapse if action is not taken at a special session of the state legislature prior to January. Rawls' explanation of the matter has been called to Governor Merriam's attention, and a special session may be called in December.

Only 3 Weeks Remain to Pay First Half Tax

Only three weeks remain in which to pay first installment taxes, taxpayers throughout the county were reminded today by County Tax Collector H. D. Alfonso.

Deadline for payment of first installment taxes is December 5, after which a penalty of 8 per cent will be added, as required by law. Until last year this penalty was 10 per cent, but was reduced by the 1933 legislature.

To accommodate taxpayers, two more cashiers' windows were opened Tuesday morning, making eight windows instead of six at which taxpayers may be accommodated. There is also an auxiliary window which is opened when the waiting lines become long in the third floor of the Hall of Justice. The hours are from 8 a. m. to 5 p. m.

While the amounts tabulated up to the end of last week were behind that paid in at the corresponding date last year, there is not as much to be collected, this year, and collections were ahead by .02 per cent. At the end of last week there had been paid in \$3,042,409, as against \$3,038,596 a year ago. Percentages of the total to be collected were 3.49 and 3.47 respectively.

CHRISTIAN SCIENCE CHURCHES. "The creature itself also shall be delivered from the bondage of corruption into the glorious liberty of the children of God." These words of Paul's to the Romans are the Golden Text in the Lesson-Sermon on "Mortals and Immortals" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Lesson-Sermon includes these Bible verses from Luke: "And, behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her: and immediately she was made straight, and glorified God."

One of the passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "When the illusion of sickness or sin temporarily clouds the vision of life harmonious—as Life eternally is—can destroy any painful sense of, or belief in, that which Life is not."

Christian Church Programs Present Fine Entertainment

The Pythagorean program, eighth in the series, to be given at the Torrance Christian church Thursday evening, this week, will be a study of the life of Christ both in lecture and pictures. One hundred beautifully colored slides, all hand painted, will be used in the portrayal, according to Mrs. E. A. Baker, of Los Angeles, who is conducting the series. The remaining picture-lectures, four in number, will deal with the New Testament. A silver offering will be taken.

The "Old Songs Festival," a program of sacred music, will be held in the auditorium, next Sunday evening, November 18, beginning at 7:30 o'clock. The songs, selected by members and friends of the church, will be classified and sung as solos, duets, quartets, choir numbers and congregational songs.

More than 100 songs have been requested over a period of three weeks. Several of the songs are of the modern type, but the greater number of them were written 50 to 100 years ago. One song to be used, is nearly 300 years old, according to Rev. George Elder, who will conduct the special program.
